The 2017 Summer Skating program is back for its 24th year. Over the years it has taken on a few new wrinkles but the emphasis on skill development, kids having FUN while they learn about this great game has always been a constant theme for all the summer camps. For 2017, we are working on emphasizing even more of the skills part of the game and slightly changing up our normal camp offerings in that direction. Like always, we are fortunate to have some of the best High School and College coaches in the area, teaching our summer campers again this year. Learn from professional instructors all the skills, drills and techniques needed to start mastering this great game. We look forward to seeing your skater at our camps this summer.

SOLID GOLD HOCKEY

Focus Camps

As the sport of ice hockey has evolved over the years, so have our "Puck-on-a-Stick" Hockey Camps. For 2017, we have taken the camps to another level. We have made some adjustments to our camp lineup and offerings to provide for an even better camp experience. All changes are geared toward making better hockey players. The days of long lines with end to end skating drills and doing countless repetitions are gone. Today's hockey is more about productive skill sets and small area games that will create better hockey players. Every session will be filled with drills and skills geared towards challenging each skater and having them use these skills within game type situations. The goals for these camps are to enhance a player's skating, puck handling, passing and shooting skills all in a fast paced and FUN environment.

***Maximum of 30 skaters per session. Each Camp is \$125.00. Off Ice for each Camp is \$40**

CAMP	AGES	CAMP DATES	*OFF ice session	ON ice TIME

*Off ice sessions are not required, you may purchase any of the camps with or without the additional training sessions .
 *The Shooter's and Goalie Camp overlap to allow for better learning for both groups

*Optional Off ice Training Package Information

The 2017 Solid Gold Hockey Camps and the Premium Power Skating Camps will once again offer off ice training in conjunction to their on ice sessions. We are pleased to announce that **A110 ATHLETICS** will facilitate all these training sessions. None of the Off-Ice Sessions are required and can be purchased in addition to the regular camps. Off ice training includes: warm-up activities, strength building activities, shooting instruction, stick handling & passing drills.

All aspects of each player's game will be examined. The player will have an opportunity to ask questions and work on specific parts of their game that needs THE MOST improvement. Players will then take that knowledge and work on those specific drills at home and during the next hockey season.

We look forward to seeing you this summer!

Premium Power

The "Premium Power Skating" program instructed by Dianah Klatt, is designed to improve skating skills for all hockey players. The program will work through specific skill areas such as; Push and Recovery, Technique, Knee Bend, Weight Shift and Balance. All of these are designed to provide for:

***Powerful Acceleration & Explosive Strides
Edge Control & Agility & Forward & Backward
Speed
Quick Stops***

The "Premium Power Skating" program will follow a process that will start with learning how to perform each skill element correctly. After building a strong foundation, the skaters will strive to add power, quickness and the ability to combine all of these skill elements while using a puck. The "Premium Power Skating" program will encourage skaters to improve their current skills, build new skills and achieve a higher level of confidence to play the game of ice hockey!

ABOUT THE PROGRAM

The "K & Pre K" Hockey Program has been developed to introduce youngsters, ages 4 - 6, to the sport of hockey and the skills of skating. It may also serve to augment area Youth Hockey Associations, Jr. Mites and/or Learn to Skate Programs.

In a warm, friendly, yet challenging setting, the program will entertain and focus the attention of every youngster who will quickly begin to acquire the skills required to progress in the sport of hockey.

The MAC is proud to have Professional Skating Instructor Dianah Klatt to lead our K & Pre K Hockey Program. Dianah is also the Premium Power Skating instructor for the MAC and various other skating clinics in Central Minnesota. Dianah is a certified hockey skating instructor through the Professional Skaters Association.
